## **The life of Muhammad (S.A.W) in accordance with Surah: Hujrat:**

Surah Hujrat was revealed to the Holy Prophet (S.A.W) in Madinah in the year 629-632 A.D. The Surah is the 49<sup>th</sup> chapter of Quran and has 18 verses. In this surah the main topics which are discussed are as follow: Etiquettes of calling and Meeting Prophet, Investigate on news and Rumors, What to Do In Case of Fight between Muslims, Etiquettes of Moral Behavior, Bedouins/Wandering Arabs say we Believed, in fact they Only Submitted.

**History:** The surah was revealed to Muhammad (S.A.W) after an event which was as follow: A deputation from Bani Tamim tribe arrived in Madina and their people started calling Prophet outside of his private chambers when he was sleeping in the evening. The people spoke rudely and blasted the Prophets door until he got up and answered their call.

Following this incident the people were instructed on a proper manner in which to interact with the Holy prophet (S.A.W). The purpose of this Surah is to teach Muslim community the manners concerning Allah and His Prophet and also to teach them the basic principles for their social life especially as we can see in verse 6 that Muslims are instructed to investigate any news or rumors they get and not accept it without thorough analysis. Creating suspicions, entering into other people's affairs and backbiting are the evils they should refrain from. They were also told that what should be their reaction in case there would be a fight or quarrel between two parties among themselves.

This is the most I could Find and write on the subject Sir.
