MD of Health Department,

Nowshera,

22 April, 2020.

Subject: Outbreak of COVID-19 and preventive facilities.

Respected Sir,

With due respect I am writing this letter to inform you about the condition of my area after the spread of corona virus which is brought to our country from bordering countries. In my area only cases were wrongly reported

The government officials reached to the spot immediately and sealed the house and the streets. The suspects of were rushed to the hospital for test and they were reported negative.

I appreciate my villagers to curb the spread of COVID-19. This is mainly due to the awareness given to the people by social and electronic media.

Everyone either men or women played an important role to adapt the preventive measures and acted upon the direction of the government, such as social distancing, stopped gathering for events like wedding ceremonies, funeral etc. I noticed people sitting avoided gossips in hujras which is our famous village tradition.

These are the preventive measures due to which no case of virus was reported in my village. The people responded positively, cooperative and acted upon according to the direction of the government preventive measures.

Your Sincerely,

Mohaiman Alam.

3. Describe a picture in your own words and suggest a title. (300 words)

Title: Prosperity is in Labour

In the picture, I can see a table, a cupboard and some files, two pens with a pen holder and a telephone is placed on the table. There are two people I can see, one is sitting on the chair and the other is standing opposite beside the table holding some files. This type of situation holds the place as the one which is standing is the employee and the one who is sitting is the boss.

The man which is sitting seems very happy so the story maybe like this that the boss is very happy because of his employee as he may have done such a good work for the betterment of the company, so the boss wants to give him a reward for that but wait there's something confusing in this picture. The employee doesn't look happy, maybe if he is saying that it was his work, which he have done only for the sake of his job and maybe he is trying to refuse the reward. Though boss likes his this type of attitude and could think to make him the manager of the company.

As the employ has given the company a huge profit so the chances are that maybe boss give him some extra type of surprise in future.
