Health' is a state of complete physical, social and mental well being and not merely the absence of disease or infirmity. Health is thus a level of functional efficiency of living beings and a general condition of a persons mind, body and spirit, meaning it is free from illness, injury and pain. It is a resource of everyday life and a positive concept emphasizing physical capabilities.

Good health is a secret of every happy man. There is an old saying, 'Health is Wealth'. Staying healthy for children is vital for proper growth and development of mind and body as they need to focus in the class and fully participate in the activities on the field. Parents must take their children for medical

check-up and learn from experts about their development in terms of height and weight, as it has a huge impact on their overall performance and efficiency. If you are strong and healthy, you can be a shining example to others and teach them how to achieve vibrant health.

Good health is a matter of great concern, to maintain it, healthy living and a disciplined life is a must. One of the best ways is to drink plenty of water as it reduces the risk of infection, keeps your skin healthy, reduces the risk of heart attack, burns body fat and regulates our body temperature. We should sleep well as it relaxes our body and reduces stress. We need to have a balanced diet and go for long, brisk walks. Our motto should be to keep our body clean in order to remain healthy. We must laugh more as laughing is a therapy and a secret of good health. The government should include integrated health programs into their public policies and control specific health problems.

Q1. (a).. Tree steps of essay.?

Ans.

- Analyze the essay prompt

The most important step in writing an essay or research paper is to fully comprehend the essay question.

- Create a thesis statement

Start your essay with a thesis statement that will guide your entire paper.

- Make an outline

Use an outline to plan out your essay/research paper before writing it.

Q1. (b) five uses of full stop kama.?

Ans... full stop

The full stop represents the longest pause. It is used at the end of an assertive or imperative sentence.

Example.

She is a good girl.

Come here.

It is snowing.

Ph.D.

M.P.

Put it down.

Comma

The comma represents the shortest pause in a sentence. It is used to separate three or more words of the same parts of speech.

Example

I want to buy a pencil, a sharpener, an eraser and a notebook.

He is efficient, hardworking and honest.

Alice, my brother's daughter, is a doctor.

They, too, have expressed their interest in the offer.

The police did not, however, succeed.

Q1(c).... .Define Phrase and Clause with two examples.?

Ans.. Clause

A clause is a group of words in a sentence which contains a subject and a verb.

Example:

The boy is playing.

In the above simple sentence, boy is the subject and playing is the verb so the part boy is playing is a clause because it has both subject and verb.

A clause might also contain an object along with the subject which makes it stand alone as a complete sentence. One of the easiest way to distinguish between a clause and a phrase is that a clause is a set of words that makes complete sense and does not require any additional helping words to complete it.

Sara smiled.

Consider the above example; you will notice that this two word simple sentence make complete sense and is understandable. It consists of a subject and a verb thus it is a clause.

A single sentence might have one clause like in the above examples, but there can exist a sentence which contains more than one clause in it.

Examples:

I looked everywhere but the cat was gone.

The above sentence contains two clauses I looked everywhere and cat was gone. In the same manner, longer and more complicated sentences might also contain more than two clauses.

Phrase

A phrase is a group of words in a sentence that does NOT contain a subject and a verb. In other words, in a sentence, one part with subject and verb is a clause while the rest of it without those two parts of speeches is a phrase.

Example:

On the wall, in the water, over the horizon.

All of the above examples are parts of different sentences which are void of a subject and verb thus they are classified as phrases.

A clause and a phrase may co-exist in a sentence. For example;

He is playing in the field.

He is playing is a clause (subject+verb) and in the field in a phrase.

Q1(d).. d.What is Memorandum

Ans...A memorandum is a written report that is prepared for a person or committee in order to provide them with information about a particular matter.

...a memorandum from the Ministry of Defence on its role.

Q3.. .Read and Summarize the following Passage in your own words .?

Ans...Good luck is a great health from Allah Almighty. Strictness is a condition of mental health. Exercise is very important for good fitness. Strictness is also a defect in the practical performance and attitude of living beings. This means that the disease is free from injury and pain. These are a feature of everyday life. It's a positive concept of physical abilities. Good health is a secret of every happy man. Our elders have an old saying. 'Strong is wealth' For proper development of brain and body, it is very important for children to stay healthy. You can be a shining example to others and teach them how to achieve dynamic health. Maintaining health, a healthy life and a life of discipline are essential. One of the best ways is to drink plenty of waterOne of the best ways is to drink plenty of water as it reduces the risk of infection, keeps your skin healthy, burns body fat and reduces the risk of heart disease. We should sleep well. Which regulates our temperature. We should laugh more. Because laughter is the secret of goodness. The government should include integrated health programs in its public policies and address the issue of austerity.
