**Q NO 1: Download and install Oracle 9i**

**Ans:**

The screenshot shows a web browser window with two tabs: 'Oracle 9i Free Download - Get In...' and 'Please Wait.. File Will Download...'. The address bar shows the URL 'agetintopc.com/oracle-9i-free-download/'. The browser's taskbar includes icons for Apps, Gmail, YouTube, Maps, and Chrome Web Store. The website header is blue with 'Get Into PC' on the left, a search bar in the center, and navigation links for 'Home', 'Software Categories', 'Getintopc', and 'Opera' on the right. The main content area has a breadcrumb 'Home » Oracle 9i Free Download' and a large heading 'Oracle 9i Free Download'. Below the heading, it says 'Published by GetIntoPC on April 27, 2019'. The main text describes Oracle 9i as a DBMS for Windows used for creating objects, building relations, normalizing, and managing data securely. A 'Contents' box lists five items: '1. Oracle 9i Overview', '2. Features of Oracle 9i', '3. Oracle 9i Technical Setup Details', '4. System Requirements For Oracle 9i', and '5. Oracle 9i Free Download'. Below this is the heading 'Oracle 9i Overview'. At the bottom, a download bar shows a file named '\_Getintopc.com\_Or...zip' with a size of '0.4/1.2 GB' and '5 mins left'.
