Date # 18 Sep 2020

Assignment # 01

↓ Write a letter to the SDO of an electric company about heavy load shedding in your areas.

To,

SDO ~~Wapda~~ Wapda
Township Bannu
16 sep 2020

Subject :- heavy load shedding in our areas.

Respected Sir,

Will you please oblige me by allowing some space for my letter in the letter of your Daily? I live in one of the commercial areas of Bannu. The most pressing problems which the residents of my area are facing is load shedding. Electricity does not come 15 hours in a day. This whole locality is immersed in darkness soon after sunset. Students cannot read and thieves take advantage from this situation. Hoping for a positive anticipation by the concerned authorities in

the cog need of my area

Yours obediently
M. Ikhlas Khan

Assignment # 02

- 2) Write a descriptive essay on a famous health resort you have recently visited.

Health Resort

Health resorts include recovery and treatment places where patients / travellers / tourists may rest after being operated on, with or without experiencing alternative therapies. As health is the most imperative part of our lives, many individuals move across national borders to find their optimal health status. In order to meet the specific demands of health care, it is noted that many business organizations of different ownership locate themselves near health-resort that perform various tourism activities and offer other recreational attractions.

with natural healing treatments. During this summer in Lahore I visited one of the most famous health resorts of Pakistan which is ~~now~~ named as Shapex. I noticed that Shapex is an innovative health club where every one regardless of their ages, gender can reap the benefits of physical activities.

They have the modern state of the art exercise equipment and in house trainees and fitness instructors that help people achieve their health goals. Shapex is also one of the very few places in Pakistan that offers an in the house trainer certification programs for instructors and helps them learn topics like ~~the~~ human anatomy, physiology, CPR, junction training, fitness testing and much more.

In our country the insufficient availability of medical / health facilities has been noted. There should be health resorts in lush green areas to improve health of individuals and also to promote tourism.
