Q No 1

point out slumps in Peshawar? what steps would you recommend to improve the livelihood of people living in this slumps? while suggesting slumps improvement keeps the current economy & political situation of the government in mind as well as pay careful attention to content.

Ans

There are many slumps in Peshawar city. Some of the slumps in Peshawar city given below.

- (i) Changanabad
- (ii) Gharib Abad
- (iii) Gujar Camp.

→

Steps recommended to improve the livelihood of people living in this slumps: →

Issues of Gujar Abad Slumps:

- (i) Lack of drinking water
- (ii) water supply issue.

(2)

- (iii) Sanitation problem
 - (iv) Sewrage & drainage problems.
 - (v) Health problems.
 - (vi) Road & streets problems.
- upgradation Steps of Gujar Camps →

(i) Gujar Camps slumps can be upgrade by providing Infrastructure of Road, Streets & proper drainage systems.

(ii) we can upgrade Gujar Camps slumps by providing proper Sanitation system.

(iii) we can improve the livelihood of people living in Gujar Camp slumps by providing clean water supply & proper dumping for solid waste.

(iv) we can improve the livelihood of the people living in Gujar Camp slumps by providing Health Care & also providing Better environment to people living in Gujar Camps in Peshawar.

(3)

If the KPK government are order to their MNAs & other government officers. & ~~Councils~~ Councils to complete one task in the best than start the next, for example first upgrade the planning for the houses than start the next for roads, or electricity or gas & water pipelines etc. And give suitable funds for the above mention problems, I hope in the above mention improvements way we can improve the slums in the better ways.

Q No 3

which Land use Model Best represent peshawar (i.e. Concentric Zone mode, Sector Zone Model, Multiple Nuclei Model. After identifying Model Type, mark (sketch) all the zone i.e. CBD, Residential, Industrial, etc.) on the map as discussed in the Model. Additionally, explain the form of peshawar City.

Ans.

~~Peshawar City~~
Sector Model Best represent peshawar city.

(1) Karkhano market is Industrial Zone which serves as outlying Business Centre of peshawar cities district where most of the imported item are marketed. people from peshawar as well as other part of Pakistan come here for shopping.

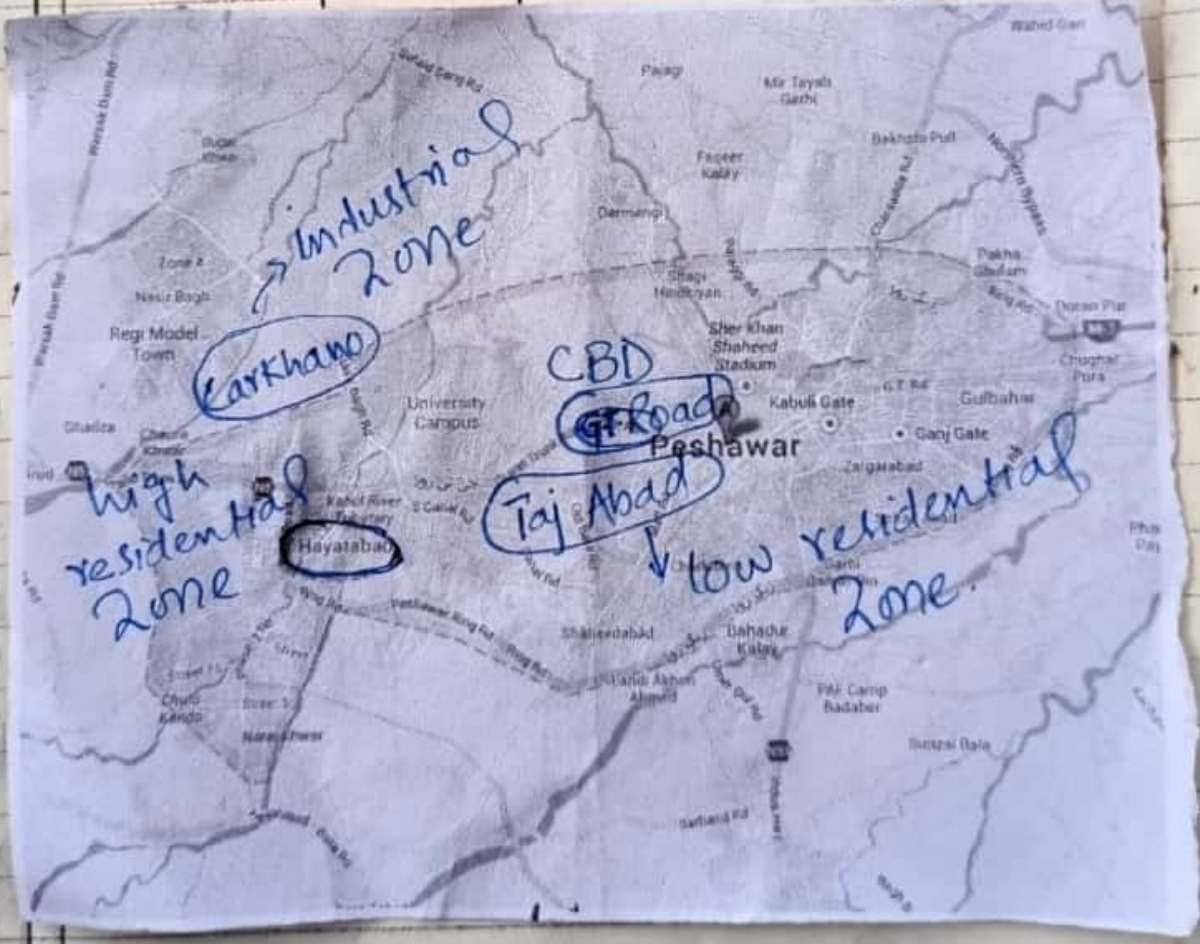

(2) High class residential are located inside the Contonment & fringe of the cities, Hayatabad is located at the western fringe. defense

(5)

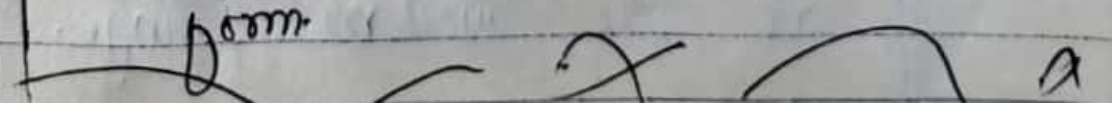

Colonies at its fringe Also house Alite private residence.

(3) Taj Abad are the low residential Zone of peshawar city.

(4) Ring Road is CBD of peshawar city.

Forms of peshawar city → peshawar city Both linear & Nucleated form.

(6)

QNo 2

Explain the structure & pattern of Islamabad plan. Also mention what could have been done during the planning stage to make this master plan better or mention what was done wrong while Islamabad is being criticized?

Ans

poor structure and master plan of Islamabad & Master plan structure.

- Influence of political parties.
- Influence of religious.
- Influence of topographic issues.

Main Issues of planning →

- ① poor inspection during planning.
- ② Less area developed in the star of planning. 12% area only in first planning out of 100% for human needs & development.
- ③ Not proper inspection
- ④ with the passage of time if plan expanding due to expansion of planning surrounding

(7)

peoples and land disturbed.

(5) Due to which every day will be surrounding public of Islamabad on Strikes, the Road will be blocked.

(6) 88% area of (CDA) Capital development authority are forest, farm, houses, big, banglows, there is no plan for future.

(7) Islamabad is planned on grid system.

Issue Solutions →

- Allocation of More budget release from political influence of planning, proper inspection, proper investigation of every one issue.
