ASSINGMENT HUMAN COMPUTER INTERACTION

Question no 1)

The product which I am going to describe is **wego flight and hotel,**

- it is an Huawei mobile app.
- In this app we can explore hotels even all over world.we can also book flights and check their timmings.
- Once I was travelling to Islamabad and I have to find a good and affotable hotel so with help of this app even I was on my way when I find my hotel and book room for night
- I think if some one ,face difficulties so may be its network connection not working because this app doesnot work offline.
- If the hotel and flight are shown offline,and the map will also shown offline.
-

The second product which I am going to describe is **Sound Cloud app**

- It is an mobile app
- In this app we can listen music,like our favoourite music and also follow our friends so we can get their library
- In this app all language music are available,but there is no option of download,firstly you have to listen the music and then it will be downloaded and after 10 days it will again deleted.
- They can put the download button,wo it will make very easy
- May be will using some third party software frome where he can download hia music

Question no2)

Here are some mockups for re desing and after adding some new features.
