iv) Political Skills:-

It can be described as the ability to get your own way without seeming to be selfish or self-oriented. It is the ability of Power and Authority and use it without seeing of anything. It is the most complex of skills in the sense that required for establishing the right connection of impression the right people and then skillfully using these connections in the betterment of the airline.

Hari 14/12/2020 13

ii) Inter Personal Skills:

It is the ability to work with other people in co-operative manner during this pandemic. It involves understanding, patience, trust and genuine etc. These are Inter-Personal skills that you should keep it high and do not work easily.

iii) Technical Skills:

These skills involve the use of knowledge and techniques in performing a job effectively. And in an absolute during this time of pandemic an absolute shall have a complete team of medical whom deals the people, so no one is labeled.

Q3

1) Conceptual Skills:-

It is the ability to view the organization as a whole and entity as well as a system comprised of various parts and sub-systems integrated into a single unit.

This skill is specially crucial for top level executives who must keep the whole airline system under focus. They must know how each unit of airline is doing their job to fight out Covid-19 through the prescribed precautions.

manager is to analyse relevant cost and generated revenue also he predicts the fluctuation in those rates

- * Fourth step is to identify alternatives as possible solution like decrease in prices as people can not earn in this pandemic etc. that they are not feasible should be eliminated
- * Fifth step is to based on the relevant cost and revenue analysis choose the best alternative
- * Sixth step is the final step manager evaluates the performance as a basis for feedback to a possible reconsideration of this decision as it relates to future decision. He analyse it for continuous improvement.

Q15

First step in decision making is to identify the Problems and Strategic Issues that revolves the decision making in our case the Problem

⇒ Covid-19 Pandemic

⇒ Now the Problem is the Safety of the People how they can use our

Services in this Covid-19

* Second step is to specify a criteria on the basis of which the decision is to be made. In case

of Covid-19 the criteria is to increase health

check-up provide transport from house to airway.

* Third step is to Perform relevant information analysis. In this step the decision

Communicate or to gather
all the information about
a specific task. And can
not cope with this
sort of situation. By making
the company decentralized there
are different managers for
different sources as the
work is divided and how
they can use it, which
minimize the pressure and
also there are how move
people instead of one manager
move people to handle and
react to change. Now company
can work its way to adapt
to change easily.

Hawth

Q4

Answer

The decision is to make an airline decentralized. As the company works in different regions and will have a lot of employees. It is very difficult to maintain such structure with centralized design where only one manager take all the decision or the decision comes from top of the bottom by layers. In this way there is no time for the manager to

Decisional Category:-

As a manager of the
air-line you create and
control change within the
air line this means solving
Problem, generating new
idea regarding how to
handle Covid-19.
When an air line hits an
unexpected happens, its the
manager who is responsible
for all that and he is
the man who should take
decisions. You'll also who
airlines need to improvement
in every sector.

Tasks

14/9/22

06

Informational Category:-

In this role you regularly seek out information regarding a/dino's looking for relevant changes in the environment. These should be essential to every one as well as gloves, sanitizers, you also monitor your team in terms of both their productivity and their well being - that is, we should be safe.

Mintzberg management rules
teaches us managers of
any company / airlines to
fight through this pandemic
Its of 3 different types

- i) Inter Personal
- ii) Informational.
- iii) Decisional.

i) Inter - Personal:-

As a CEO of the airline
they have some legal responsibility
CEO is expected to be source
of inspiration. So he must
follow all precautions of Covid-19
as he follows the rest will be
also following his footsteps

Q2

Answer

As a manager, you probably do many different roles everyday. For example, as well as leading your team and you may find yourself resolving a problem, negotiating contracts representing your department at a board meeting etc. The problems which the manager's going to see nowadays is Covid-19 Pandemic and how to protect everyone

★ Airlines
Salaries :-

Maintaining

Staff

The impact of Covid-19 has a significant impact on the economy also on airline's and tourism spots are all closed including "Air Blue". The airline has to adapt to this fast evolving situation and to protect employment has taken the decision to reduce the salaries of employees for 4 months as there are no flying.

Flavio

Also he shall have a
Propose Medical team which
shall examine each and
every Passenger and Staff
members because if a
Covid-19 Patient step in
the Plane so the whole
Plane will be infected /
affected so a visionary
Leader must take all
the Precautions and will
guide the team that
how to make everyone
safer and non - infected
from the Pandemic which
name Covid - 19

QNO 1

Answer

Being a visionary leader
they are managing the state
by giving them straight
instructions to stay home
until the Air Blue Air lines are
not allowed to fly. The
leader must be in co-ordination
with his Air Blue's staff
and shall listen to their
Grievances / Problems, when airline is
allowed to fly then the
leader must be thinking about
the safety of the state
as well as the passengers.
