Q) Write a detail note on holy book Quran?

Quran is the last and final revelation of Allah which was revealed to our beloved last prophet Muhammad (SAW). Allah has sent a lot of revelations in this world, there were old testament, new testaments but Quran was the last testaments, which includes all the answers to our questions. It proves everything, it consist of evidence of our Islamic era. Allah took responsibility of protecting Quran by himself because a lot of changes were done on old revelations by nonmuslims. So Allah took this responsibility and we know that no one can take care of Quran more than our creator.

Importance of Quran:

Quran is one and only in this world no one can make or right something like Quran.

"If a mankind together to produce the jins were Quran like thereof, even if they produce the one" Quran (Surah Al-Isra Verse 88)

Importance of Quran exceeded when this ayah came forward because in this world no one has those Allah's will power to compete with

Quran Messages:

In Quran Allah revealed the truth which can not be changed for example Allah revealed his own actions and said that Allah is the one without any partner, no one to worship anyone apart from him. It gives messages about people that what is going on with them in this world and what will happen here after. Allah can tolerate everything but not shirk.

Quran a Complete Code of life:

"And we have sent down to you the book (the Quran) as an exposition of everything and glad tidings for those who have submitted themselves

Quran (Surah An-Nahl, Verse 89)

In this life at every point we need guidance, someone to teach us the right way, we humans can read and write so Allah has sent a holy book Quran for our guidance so that we read it and get it, and after that understand it and implement the rightful things in our lives. Quran helps us on every step we take in our lives not only just for this life purpose but it teaches us to make our Akhirah better. Quran makes a person to look straight and order us to do good deeds and forbid all evil.

Quran as a healer:

Not only mentally but Quran can heal us physically too. If someone reads Quran with full believe that a person can heal any problem in his life.

1 Quran a light for muslims:

people for guidance it is in his
hands to give guidance to
people or to astray them
from righteous paths Quran is a
light for muslims which teach
them what is right and wrong.
Reading Quran with full believe
and faith can change a person
and can show him the straight
path.

20 Write down the explanation of surah e Quraish?

Write down the explanation of Surah Quraish

Quraish was the Arab tribe, our holy prophet (SAW) was born into this tribe. prophet (SAW) was the best person in the world even when it comes to family and also due to nature, prophet (SAW) said Imam would be from Quraish and even women were appreciated they were caring mothers.

This Surah is all about Allah's greatness towards Quraish which was mentioned in "Surah feel" where Allah saved Meccans and the Kaaba by sending birds that destroyed invaders with stones. The entire army of Abrahah who were riding elephants was destroyed, finished for attacking Kaaba.

After this Surah Surah Quraish came in which Allah said the event of ~~Quraish~~ Surah feel happened so that people's heart gathers for Quraish. Allah saved them from danger so people's heart was clean for them. whoever get to know that they are people of Haram they would honour them and would let them finish their journey without

creating biggest ever journey because for them were other but just trades huddles. go they peace the Allah can who happened in them and worship to happily not one

any gift would of would of respect haram gathering use to sage and because of peace. All the happening without they use to In summer

huddle. Allah for them. who on their accompany them. remain save. other people had a lot of fruits get robbed and sanct

because of Allah. In winters and In summer they use to go to yemen and In summer they use to go to sham with the loved where and that was at that time at ease. this Hazrat Ibrahim (AS) but what they were unthankful.

Allah is making them remember those blessings and telling them to pray and worship God. and told them to surrender in front of Allah happily. Allah asked them ~~them~~ to do shirk. it is just one God, Allah gave him the

safety so Allah wanted them to worship him. Hunger is the most difficult thing to tolerate. Allah gave them his blessing with out any problems, so in this Surah Allah is asking them to be thankful of what they have been given.

Conclusion:

Allah secured haram and their people so in return Allah wants them to be thankful and Allah wants them to worship him and stopping them from sins and telling them to not be proud of what they have be thankful and down to earth.

Q3 According to Quran what is tawheed and how to effect on human lives? Allah has sent many prophets and holy books and each of them has mentioned the tawheed which is oneness of Allah, that foundation and base of Islam is to believe in one God

In Quran Allah said "Indeed, we sent Nuh (Noah) to his people and he said "Oh my people! worship Allah! you have no other Allah but him. Certainly, I fear for you the torment of a Great day" [Al-A'raf 7:59]

we came to this world is just to worship Allah only Allah no one except him. Allah can not tolerate Shirk it is forbidden. Allah said

And I created not the jinn and mankind except that they should worship me (Alone) [Az-Zariyat 51:56]

And your Lord has decreed that you worship none but him [Al-Isra 17:23]

That is Allah, your Lord! There is no god but he, the creator of all things - then worship him and he has the power to dispose of all affairs.

[Al-An'am 6:102]

there are a lot of Ayahs in Quran in which the oneness of Allah has been clarified and there are some of them.

Effect of tauheed in human lives:

due to firm believe in one God, our love and respect just doesn't get diverted. Allah is the only creator if there was more than one god then everything would be far different. World would be confuse and in different shape. Allah is the only creator so he is the only one to guide us in this world. It is our responsibility to believe in tauheed and obey his words. He decides every one's responsibility even smallest creature in this world is his responsibility. There is only one Allah who decides our fortune, the time of death, the time of birth.

so Allah guided us and we
as muslims should get the laws
and believe him and obey him
we should keep in mind that
at the end we have to
stand in front of Allah and
answer him about our deeds
and at that time there
would be no way out so
that made us a good
muslim. the danger and fear
of akhiraal made us good
muslims and forced us not
to disobey falsehood.
