Q

Q¹

A Critical analysis of Pakistan Foreign Policy

Post 9/11

* Post 9/11 &

Post 9/11 period is the time After September 11 attack on world trade Center America through jets.

* Pakistan Foreign Policy After Post 9/11 &

*- The world trade attack was accepted by Islamic aljihad orga...
nization (al-Qayeda), due to which the Muslim of all world considered as terrorist. Pakistan was very

Important due to its geographical location.

* After attack, Pakistan was accompanied with U.S.A because, Pakistan is to have no skill to go against super power country.

(a) Pakistan closed all account of taliban.

(b) - The Policy of Pakistan was that to defence himself and avoid offence from USA.

(c) - UN approved action against taliban but Pakistan accompanied with world because, At that time bosh

"Those who
harboured Terrorist
will be Treated As
terrorist".

* Negotiation b/w Pak and USA.

After negotiation seven step
must be taken by Pakistan

① stop Al-Qaida operation At
its border.

② To give USA landing
sites for planes.

③ To provide USA with
Intelligent Information.

④ To provide terroristial
provide access to USA.

⑤ To continue publically
condemn terrorist attack.

⑥ To cut off all shipment
of fuel and stop
recruit to Afghanistan

(1) - Break all relation with
Usama and Alqaida

→ But Pakistan Decide to
follow All of them

* due to Pakistan follow
America. U.S.A, But
U.S.A stop all Restrain
on Pakistan.

* and The Contribution
from USA to Pakistan
Continue.

* from 2001-2007 7.1\$
Billion were given to
Pakistan

* Pakistan decide against
taliban and due to
which many Super Country
help Pakistan at any way.

Q^a

Cpec Prospective and Challenges.

Cpec

The Cpec is the appreciation of "China Pakistan economic corridor". Cpec is the road network b/w China and Pakistan for trade.

* perspective :-

* Cpec Integrated transport and it system including Road, Rail, port, Data Communication Channel.

* Energy Cooperation

- * human Resource development
- * Financial Cooperation.
- * Tourism Cooperation and People to People Communication
- * Agriculture development.
- * CPEC has the Potential to bring regional economic integration and Cooperation.
- * Gt will provide a safe and the shortest route to fast the economy ~~and~~ of Pakistan and China.
- * spatial layout, functional Zone, Industries and Industrial Parks.

Page 8

*- CPEC will not only solve the problem face due to transportation and communication but will also diversify the source of income for the people of Gilgit ~~to~~ Balochistan

Challenges

* Pakistan faces several challenges in the implementation of the China - epec Project.

* Political unrest, security situation and administrative issue are the most challenges for Pakistan.

* The Paradigm shift in Circumstances is caused of great worry for the enemy of Pakistan both within and outside the country, India, Israel and US are unhappy for this project.

* Pakistan spent high

Page 10

high energy to gain much
loose benefit
