Q1:-What is the importance of historical context in understanding a society ?

Importance of Historical Context:-

It is importance because it helps you connect and create

And relationship with the reader .it help you communicate your point of view clearly making it easier

To understand .it allows you and other to be more creative.

- *Creating a relationship:-*
- *- Detail about yourself or your character .*
- *- A back story.*
- *A life changing situation*
- *A personality trait .*
- *An environment*
- *A memory*
- *An anecedote etc*

Everyone wonders why their environment and situation are like this what they are right now . All this can be explained by the reading of history . when we study the history of wars we analysis their causes ,and their path.

To really understand the working of human society and formation of the intricate bonds of relationships and dependences. We need to learn actual developments of human society . This cannot be possible without learning the history of human society .

Without historical context we are only seeing a piece of pictures or scene and not fully understanding the influence of the time and place in which a situation occurred.

Q2:-According to conflict approach of sociological perspective , which problem are people facing during this " lockdown " situation ?

The sociological understanding of social problems rests heavily on the concept of the sociological imagination,

We discuss this concept. In some details before turning to various theoretical perspective that provide a further context for understanding social problems .

Many individual experience one or more social problem personality. For example, Many people are poor and unemployed ,Many are in Poor health , and many have family problem ,drink to much alcohol ,or commit crime .

- *People facing problem in lock down are:-*

- *Due to lockdown all the education institute are closed due to which the students time are wasted and they are unable to continue their studies.*

- *Most of the poor people are deprived from the daily essential food etc things because they have no money and they are unable to do work because all the work places are closed .*

- *During the lockdown the hospital are also closed so if some one faces the problem of suffer and from their illness.*

- *All the business and factories are closed due to which people are deprived from alote of food stuffs.*

- *The Governoment have forced the people to stay at home so most of the . people are unable to do communications with each other .*

- *The govt have also forced the people that not to go to religious Places or to do some cermony ,marriages etc.*

- *The people have also faces the problem of food stuffs deficiency in some places because the people need are more than the available things –*

Q3:-Explain now a days ,Social media is the most influential agent in socialization?

Ans:-
Socialization is a life long process in which individual learn and interact with social standards ,rules and

Values. Media are a key socializing influence among other major agents of socialization have been identified in research in developments psychology ,sociology ,media communications studies, and pedagogy .Media literary can be considered o developments task and a goal of media socialization .

Family is usually considered the agents with the greatest impact on the socialization process. The values system reflect a family's social status ,religion ,cultural or ethnic background . School ,another important agent of socialization in child hood, is about knowledge transfer and skills. Additionally school shape and individual 's behavior implicitly ,by providing a system of norms and values such as teamwork ,discipline ,or imperative to follow directions .

Communication .since the birth of social media ,the internet has now become the most important way (if not the only) to keep to touch with the lot of people at the same time . Most humanity

considered Facebook ,Twitter ,Instagram ,and e-mail
as the best way to exchange daily information with
family , friends ,and colleagues ,and even their most
favorite actors . Human relations has been changed
the most since of social media.

Some of the most important aspects of socialization
are form in childhood and youth . Thus "digital
native " have been the subject of intense academic
debates about the impact of internet on the
socialization of younger generation .Media literacy
can be considered a developments task and a goal
of media socialization -
