

ASSIGNMENT FOR VIVA..Radiology sec b 2nd semester

Supervisor: Kousar Shah Jehan

Student name **SADIQ AMIN. ID. 16861**

Q1. (i) Write a note on cardiovascular system?

ANSWER: CARDIOVASCULAR SYSTEM: also known as heart system.

The cardiovascular system refers to the heart, blood vessels and the blood. Blood contains oxygen and other nutrients which your body needs to survive. The body takes these essential nutrients from the blood.

The cardiovascular system can be thought of as the transport system of the body. This system has three main components: the heart, the blood vessel and the blood itself.

The heart is the system pump and the blood vessels are like the delivery routes. Blood can be thought of as a fluid which contains the oxygen and nutrients the body needs and carries the wastes which need to be removed..

(ii) what are the symptoms of high and low blood pressure?

ANSWER: SYMPTOMS OF LOW BLOOD PRESSURE:

- 1)Blurred vision
- 2)Nausea
