**The Health Minister,
Islamabad.**

Subject:
Respected Sir/Madam,

With due respect, I would like to draw your attention about the spreading of COVID19, and the facilities in the govt hospitas of our area. Every body has been given the adequate information about this diseases , but most of the people in our area are illiterate and they do not take this problem seriously, and due to their negligence the disease is spreading at a hare speed, you must take steps to prevent this and also educate then about the seriousness and the danger of the matter.

The number of corona patients are increasing day by day, the government should take strick action about this pandemic to control it from spreading people here do not take care and gathered everywhere the government should also aware the people about corona danger. Now I am going to put light in the prevention facilities. As it is some now in people don't know much about it, so the facilities which help people keep themselves away from this virus should be provided by the government , but we see people move freely from one place to another through public transport, which is extremely dangerous. This should reconsiderd. Furthermore, keeping is mind the denistating nature of the virus something funnels must be built at busy patients,which is unfortunately missing. Government should make sure free or at least cheap delivery of safety mask and globs.but in there regard over area has been deprived , keeping is mind the alone stated facts, or area need special attention , otherwise the out breaks of the pandemic COVID-19 will reach such a state, from where it will impossible to stop it.

Hope you will consider the current situation of COVID-19 and its impact an human and also the current situation of our locality

Thanks

3. Describe a picture in your own words and suggest a title. (300 words)

TITLE :The Talking Picture

By looking at the picture we can see two people, communicating with each other. One is sitting on a chair and the other is standing in front. It must be an office. We can see a large, white, wooden or steel table in between the two. It is occupied by things. On the left we can see a small black book lying close on it. On the right of the table some files and a black telephone is visible. In the middle we can notice a holder, pens, and a piece of sheet right in front of the person on the chair. In the background the picture shows a shelf with three drawers and a globe on its top. Beside the shelf on the right side there is a picture of a mountain with a white background which is hanging on the wall. The rest of the wall is clear.

The person on the chair, who must be the other person's boss, is wearing a white coat. He is young, having black straight hair, but no beard and moustache. He is holding his right hand in the air to tell something to the other. The person on the chair, the other person, boss, who is wearing a white

Shirt, black trousers, and holding some files having black hair. Must be his servant. He is listening attentively to him looking downward . it is clear from the picture that the servant is respecting his boss. As he is standing in a respectful manner. He might be going to some where after the orders of his boss. There must be someone else in the room with them who have taken the picture may be the photographer or someone else. All thought we do not know when and where the picture is taken yet it represents everything very clearly and tell us about the relation of the two people as well.

I would suggest the title of “The Talking Picture” because the picture itself is a narrator it tells us Everything which we can see in it.
