Question. Write the summary of Surah furqan in your own words.

Ans: Summary of Surah Furqan:

- ❑ This surah was uncovered in a later time in Makkah, and it has 78 sections including the 'bismillahir-rahmanir-rahim'.
- ❑ It is referenced in the start of Surah that Allah the Exalted has allowed that 'furqan' i.e extraordinary distinctive check which unmistakably separates among right and bogus. It is a similar check which is more than once referenced in Surah Al-Nur. In this Surah, more instances of it are given.
- ❑ One is that Holy Prophet Muhammad (harmony and endowments of Allah be on him) had the option to separate, individuals around him yet he could check honest and bogus individuals of all world by the assistance of extraordinary measure Quran.
- ❑ In light of astonishing supernatural occurrences of Hazrat Muhammad PBUH, rivals introduced independent measure of genuine Messenger-transport that for what reason does this Messenger eat, go to the bazaar, why a heavenly attendant was not sent with him who ought to have cautioned individuals.
- ❑ Correspondingly, adversaries had accepted that a fortune ought to have been sent to Messenger from Heavens (indeed, a boundless fortune of Divine educating is sent to Messenger.).
- ❑ As indicated by rivals, Messenger ought to have superb nurseries, where he may live without any problem. Allah the Exalted answers, We have such gardens of heaven and profound palaces for you PBUH, which these oblivious individuals can't envision.
- ❑ Rivals are discredited; show any Messenger before him PBUH who didn't live like average folks and didn't move in back streets. They can't appear. In reality, they deny Messenger-transport as though Allah can't make anybody Messenger. As the happening to blessed messengers to adversaries is concerned, holy messengers will be sent without a doubt yet with the message of updates on their ruin, which can't be kept away from.
- ❑ The protest has been raised, why the Quran isn't uncovered at the same time. Surely there are numerous wisdoms in the Quran's moderate coming. One knowledge was to send instructing as per otherworldly shortcomings being showed up in time around that time. Second insight was happening to boundless signs, from the start time, which fortified the core of Holy Prophet Muhammad (harmony and endowments of Allah be on him). Thirdly, the astute game plan of sections of the Quran couldn't have been made by an unlettered individual PBUH who couldn't have known period of 23 years ahead of time. Fourthly, Ahmadiyya Promised Messiah (a.s.) has highlighted intelligence that Holy Prophet Muhammad PBUH confronted amazingly hazardous occasions in 23 years, he PBUH was in front of Sahaba (r.a.) in confronting adversaries in serious risks, poison was attempted likewise, however Allah didn't get back to him until the Quran was

completely uncovered to him (harmony and endowments of Allah be on him). So happening to the Quran by Allah is a great wonder.

- ❑ In end, in notice of characteristics of 'ebadur rahman' for example Workers of Rahman, it is stated, as there are 12 houses of stars in sky, 12 reformers (mujaddedeen) will come to safeguard the confidence. And afterward the moon of 14 th night (Promised Messiah Mahdi) will come who will get full light from you PBUH.
- ❑ Characteristics of 'ebadur rahman' are, they are moderate, lowers, live in offering Salaat and surrender, as result, they are given strengths. Last section explains for what reason they go through this existence in doing petitions on the grounds that it is extremely unlikely to get genuine from Allah without supplication. The individuals who deny and cut connection with Allah, they will have various ailments which won't leave them.
