Explanation:

Islam is one and only true religion, when Islam came to finalize the equality of all humans. It came to a people who believe in many of gods and worshipped them. during a time when the blood of the nobility was considered far superior to the common man, to a mindset that based society on all-pervasive social strata that could never be breached. Under this modus operandi, the poor will always be poor and subservient to the rich. Finally, Islam insisted that the only things that would have benefits for mankind on the Day of Judgment are sound belief and good deeds done solely for the sake of Allah.
