Q 1-----?

Ans:- educational services:- for educational
 Sir Syed Ahmad Khan is best known for the
 Aligarh Movement a systemic movement
 aimed at reforming the social, political
 and educational aspect of the Muslim
 community. He founded the Scientific Society
 in 1863 to translate major works in
 the sciences and modern arts
 into Urdu. He released two journals
 to this end The Aligarh Institute
 Gazette, which was an organ of the
 Scientific Society, and the Tuhzibul
 Atchlagh, known as the Muhammedan
 Social Reformer in English.
 But Khan most notable contribution
 to the field of education is
 establishing the Madarsatul Uloom
 in Aligarh in 1875, now known as

the Aligarh Muslim university, a premier educational institution of the country. He attempted model the college on universities such as Oxford and Cambridge. His work on Muslim education was not limited to this alone he wanted to create a network of educational institutions managed by Muslim and founded the All India Muslim Educational Conference.

Political services:- for political services The political career of Syed Ahmed Khan began after 1857. He provided political leadership by uniting the people under a banner of Islam. He wrote various notable works in order to remove the mistrust of the Britishers towards the Muslim. He favored separate electorate for the Muslim in 1883 saying that the majority would override the interested of the minority.
