Q:1. What is difference between Paternalist and Consumerist types of Doctor - Patient Relationship?

Ans: Paternalistic \star It refers to the interaction in which decision is taken by health care professional in order to benefit the patients.

- Doctor acts as a father
- Patient accepts that paternal role of doctor and follows his guideline.

Consumerist \star

\Rightarrow That type of interaction in which patient is active and takes decision while doctor is passive

\Rightarrow Doctor follows the patient's opinions

\Rightarrow Patient reduces doctor's control

Q:2. Which one is the most effective type/style of doctor - patient relationship and why? Explain in detail.

Ans: Mutuality is the most effective type of doctor - patient relationship

Because in this type of relationship the doctor play an important role by acting as like the friend and empathize of the patient. So the patient can give very effective history to the doctor

(2)

and also it is thought that effective treatment is depend on history taking

- Patient and doctor are not bored
- Both parties are active so exchanging of ideas and opinions are occur
- Also ~~that~~ the Patient follow the guidelines of doctor.

Q.3 ✱

Ans ✱ Types of Interviews ✱

- (1) Panel interview
- (2) One to One interview
- (3) Video Conference interview
- (4) Presentation/ Demo interview
- (5) Case interview.

(1) Panel Interview ✱ In a Panel Interview a typically three to six members having different roles in the organization ask candidates questions to assess their knowledge, skills, ability to make decisions, etc for example ✱ Armed forces recruitment, admission interview, job interview.

(2) One-to-One Interview :-

In one-to-one interview, one person takes the interview; it is an interaction between the interviewer and interviewee. For example :- job interview, Counseling session, viva etc.

(3) Video-Conference Interview :-

Video-Conference Interviews are becoming more common. They expand the scope of searching for qualified candidates with less cost and time involvement. For example: National and multinational jobs recruitments.

(4) Presentation / demo interview :-

This type of interview require presentation of already selected topics by interviewer in front of randomly assembled panel. Questions are asked in between the presentation as well as after the presentation. For example :- class assignment, teacher's recruitment, marketing.

(4)

(5) Case Interview ~~is~~ In a case interview a candidate is given a problem to see how ~~they~~ he or she who would work it out on the spot and would manage the given problem. The problems that are presented come in forms, but the interviewer wants to assess the candidate's analytical skills, ability to think under pressure, logical thought process, business knowledge and expertise, creativity, communication, and quantitative analysis skills.

For example ~~of~~ Doctors / Psychotherapists / Marketing Professionals interviews.

Q4) Case Presentation :-
 Ans :- Being a dental technologist first of all trying to decrease its stress and anxiety by doing some ~~like~~ actions like.

→ By introducing my self

→ Asking his/her name, Place, Job

→ Asking an open ended question like "how are your feelings"

→ Saying the Patient don't worry All is well.

→ It is small problem not a big problem

→ Working time Patient State forward.

→ Saying to the Patient deep breathings it reduce the stress.

The end
