Q3; Explanation:-

Islam came to finalize the equality of all humans. It came to a people who worshipped many gods, during a time when the blood of the nobility was considered far superior to that of the common man, to mindset that based society on all-pervasive social strata that could never be breached. Under this modus operandi, the poor would always be poor and subservient to the rich until their deaths. Contemporaneously, some were debating the true nature of woman: did they have souls, and if so, were they pure evil?

Finally, Islam insisted that the only things that would benefit mankind on the day of Judgment are sound belief and good deeds done solely for the sake of Allah.
