Report on Sports Week Closing Ceremony at your University

The Sports Meet 2020 ended yesterday (April 01) in the Iqra National University Peshawar. It was a grand success as around 1000 students from all departments participated in a one week long meet which included 5 events. The teams, 'Civil Engineering' and 'DPT' made it to the basketball boys' finals, whilst the teams ' Arts and Design' and 'CS' qualified for the girls' badminton finals. The finale was really tough and, with just a few points difference, the team 'DPT' and 'Arts and Design' won the trophy for boys' and girls' basketball and badminton.

“Today is more than a closing ceremony, it’s a victory celebration,” said the captain of DPT (Winner of Boys Basketball team) after winning the tournament. Similarly, the Captain of Arts and Design (Winner of Girls badminton team) was very excited and believed that they won due

to hard work, practice and team spirit.

The closing ceremony was efficient and prizes were distributed to the winning teams in the afternoon of the same day. Many of the team members, including the Vice Chancellor, Registrar, Teachers and the sports committee were present to cheer on the students and honor them with the medals and prizes. While the door of the closing ceremony of Sports Meet 2020 was closed, it left another one wide open for many more tournaments to come for students which will give them a chance to do their best. Also, congratulations to all winning teams of futsal (Microbiology), indoor cricket (DT), football (BBA) and table tennis (Electrical Engineering).

A big thank you to all students involved for participating with a high spirit of cooperation, social behaviour, outstanding sportsmanship and proper respect for each other. Also thank you to the Incharge committees who helped to make it a grand event.

Finally, special thanks go to the Sports Department for coordinating the one weeks long meet gracefully.

SUBJECT: Letter to the Health Department regarding the present outbreak of COVID-19

The number of confirmed coronavirus have reached 30 cases reported. 2 deaths and confirmed that 8 patients recoveries being reported from official sources till night of April 22. Like other areas Swat also under lockdown School, Colleges, Universities are partially lock like other cities of Pakistan initially this act this act of government was criticised for the reason that no alternate arrangement were made to save the time of students. Such as online classes, quiz, assignment, reading material etc. The government urging social distancing to the people. But the government has offered no facility to keep the citizen of Swat inside their houses. For basic needs and daily requirements such as food and medicines, they are allowed to go outside of their

houses. This is how some shops are allowed to keep open. These include vegetables, general store and medicines shop. While some businesses and shops are completely closed such as hotels, restaurant, barber shops etc.

In start the lockdown damage daily wage of labor- financially which suffer them too high. Because daily wage labor is the most vulnerable segment of the people Swat, so now it's a partial lockdown or the labor of Swat and it's good for daily wage labor because they could go their work place. Conversation between teacher and student about exam preparation in English

In the picture I can see a teacher who sat down on his chair, he wore a coat while in front of the teacher there is a student who stands up in front of the teacher's table and behind the teacher there is a wall chart and on the right hand of the teacher is a cupboard, on the top of the cupboard there is a world map. On the top of the table there are many things such as books, register, ballpoints and telephone set. The teacher looks like on conversation with his student.

Student: Hello Sir, How are you?

Teacher: I am fine and you?

Student: I am also fine by the grace of almighty ALLAH.

Teacher: Today you are looking a little bit worried. Are you thinking anything else?

Student: Yes sir but how did you know?

Teacher: It has been written on your face. So what are you thinking about?

Student: Sir, I am feeling very nervous about the coming exams. Could you please guide me how I should prepare for them?

Teacher: It is a natural response. You should not worry about it. Just stay relaxed. But keep repeating and practicing. Repeated look at the notes will make you feel more confident. Which is your first exam?

Student: English! Should I read the text books again?

Teacher: No, just keep them close for reference; just solve sample papers and practice questions according to the sample paper issued by Schools.

Students: Need I practice by writing? Or mere reading is sufficient!

Teacher: Writing of course. Reading will fade away, writing will impress what you study deep on your mind. Besides, studying by writing also prepares for you the final exam as it is all written. Students who don't prepare by writing face lots of difficulties during the final exams.

Students: Thanks a lot Sir for your guidance. I am feeling better now.
