

Assignment # 1

To.

SDO (PESCO Pesh)

Hayatabad

Subject: Shortfall electricity in our sector/phase.

Dear Sir,

I am the residence of hayatabad Phase VI Peshawar. Sir! Since from last week we are facing a heavy load shedding in our Phase specially in our sector F10 we are continuously complaining to our related Authorities (PDA). Sir they maintain our supply line but due to heavy load on electricity lines are continuously trimmed we the residence of the same sector in hayatabad are demanding for new and more Powerfull transformer for our sector if this problem are undertaken by you personally we will be very grateful for your this Act of kindness

Thanks!

Your faithfully.

Bilal Hussain

Assignment #02

Essay

Q: Write a descriptive essay on famous health resort you have recently visited.

From many days my friends are planning for a week trip but we have no such idea for such a clean and healthy resort to visit. One night I browse a healthy resort near to us in KPK Peshawar Pakistan I found Kumrat valley through browse and from family member who visited to Kumrat valley they talk much about that place to visit so I discuss this idea and planning with my friends for a week trip. By this idea and planning my friends agreed with me and we make preparation and done shopping for a trip. As we heard that roads are not good for personal vehicle so we take decision to reach there by local vehicle so we took a departure decision on Sunday for travelling to reach there easily.

We start our Journey on Sunday at 9:00 am from Peshawar through local bus service for our first destination at

timegara bus stop from there we have to take next vehicle to THALL bazar through local vehicle. our friends decides to have a cup of tea in that bazar as we enter the restaurant for tea every one in lounge notice that guys enter to a lounge are friends and visted hear for first time. So one of the Restaurant waiter ask about the same Pscityo and he guide us that in near bazar of that have a historical mosque made up of wood and Constructed decades ago me and ~~my~~ friend assure him we will visit as we reach. There we feel shocked that a decades how Creative and intellegent that People and engineer are to Construct such a beautiful mosque. we take out some Photos shoot for memory. As we have a final destination for Kumrat valley as no more local vehicle are transported from this spot so we heir a 4x4 jeep to reach our destination. After 2 hours of hard struggle from driver we reach there as we heir a room made of weak concrete because lack of availability of bricks and cement. we spent night. There

in that room with cold & bonfire.

As we waked up at 10 am we feel a natural beauty with clean river and tall pine trees. we spent our whole 7 days there with fully enjoyment and energy we visit each area there and took a memorable photography.

we enjoy our trip with great passion and enthusiasm. I discuss our this adventure with each of my family member and closed friend to visit there and enjoy.
