## Experience

**JAN 2016–DEC 2017**

FITNESS TRAINER • QAYUUM STADIUM FITNESS CENTER

**FEB 2018–JAN 2019**

BOXING COACH • HAYATABAD BOXING ACCADEMY

I am an Engineering student but fitness is my passion. I have been training for more than 6 years and have gained lots of experience. The biggest advantage I have over other trainers is that I have been trained by Pakistan's best fitness trainer and icon "SIR SHIRAZ", who is currently the President of the Pakistan's fitness, bodybuilding and powerlifting federation.

I have trained Army personals, Police officers, Boxers, Powerlifters. One of my best skills is analyzing someone's physique and preparing a diet plan for him/her accordingly. I don't follow the same old diet plans and techniques. I make them according to the need.

Fitness is my passion and I want to carry it out with my education because it is something that I am best at doing.

## Education

**Iqra National University , Peshawar kpk**

- I'm currently enrolled in 4<sup>th</sup> semester of Electrical Engineering and my CGPA is 3.24.

## Communication

Having great communication skill is really important for a fitness trainer. Many of the clients that I came across lacked self-confidence and motivation. My experience all these years in the fitness taught me how to communicate with the clients and how to motivate and convince them that they can achieve the physique they wanted for so long.

**Q2 Write a paragraph about a concept you know well about Technical Writing Style. Use as many Nominalizations, Employ Parallelism and Passive voice combinations as you can. Then rewrite it by eliminating all those constructions. Answer ;Original paragraph**

The journey of my fitness carrier was started by me in 2014. I was neither too athletic nor too fit according to my physique. I was laughed on by many people. But I was always a strong guy in my imagination. It Was decided by me on June 2014 that I am going to change everything and i proved everyone wrong by my 6 years of blood and sweat. Now I am one of the best powerlifters from Peshawar and its just the start of my journey.

### **After Using Technical Writing**

I started my journey of fitness on June 2014. I was not much athletic by physique. Many people laughed at me. But I always imagined myself as a strong guy. On June 24 I decided to change myself. I proved everyone wrong by my 6 years of handwork. I am counted as one of the best powerlifters of Peshawar. The journey has just yet started

**Q 3Analyze a Web Site to determine how it fills the characteristics of Technical Writing.**

Answer : I analyzed the website from where I download all my favorite songs. Here I am going to discuss that whether this site obeys the characteristics of technical report writing or not.

### **CHARACTERISTICS OF TECHNICAL REPORT WRITING:**

#### **1) Clarity:**

It basically means that the things must be defined in a simple way. As, it is easy for a user to understand. In this site everything is defined really simple and clear. All the categories, song genres and albums are well defined and easy for a user to read and understand.

#### **2) Accuracy:**

By accuracy we mean if we want to write 40000 words, we should not write 400000, or if we want to refer to fig 3.1, we should not refer to fig 3.2, because it can cause lots of problems for a user. In the website songs.pk everything is mentioned as it is. There are no mistakes in defining the genres. Everything is on point.

**3) Comprehensiveness:**

The site does have the quality of comprehensiveness as the background is well described and there is a clear description on how to download any song. It has clearly discriminated songs according to their release dates and genre. As, it will be easy for any user to select or find the content they are looking for.

**4) Accessibility:**

The site also has the quality of accessibility as we are provided with headings, list/table of contents from which we can easily select where ever we want to go or whichever song we want to download.

**5) Conciseness:**

In this site everything is quite brief, yet including all the important information. For example, when we click in a song this site shows us who the singer is, the song is from an album or just a single release, size of the song (in megabytes).

**6) Correctness:**

The site obeys the quality of correctness as there are no spelling and grammatical mistakes and the site has a genuine or authentic format.
