

# Data Structures and Algorithms

Faculty: Muhammad Adil

## Major Assignment

Please Subscribe My YouTube Channel: **Aadil Tech Talks**

<https://www.youtube.com/channel/UCKoZBtomzn0v0ihgJ10moWQ>

### Note:

*Solve the assignment on page, take photos, make a single PDF file and upload (No other format than PDF is allowed)*

*Clearly mention Your Name and ID on top of the assignment.*

Task #1:

Consider the following list and sort it using

- |                   |    |
|-------------------|----|
| a. Insertion Sort | 04 |
| b. Bubble Sort    | 03 |
| c. Selection Sort | 03 |

12, 30, 14, 9, 10, 12, 7, 9, 0

Task #2:

Consider the following list, construct a Binary Tree and then verify. 04

50, 20, 70, 25, 65, 50, 30, 75, 63, 67, 20, 29, 22

Task #3:

Consider the following Mathematical Expressions, construct a Binary Tree.

- |                          |    |
|--------------------------|----|
| 1. $A + B * D / T ^ F$   | 03 |
| 2. $(M * N) ^ 3 - A * G$ | 03 |

Watch video Lectures (Recorded by me) carefully, understand and attempt the assignment.
