IQRA NATIONAL UNIVERSITY
Program BS-(EE)
Spring Semester 2019

Course title: Data Structures and Algorithms   **Assignment 2**
Instructor: Engr. Bushra Tahir   **Total Marks: 5**
Date of submission: June 20, 2019

<u>Note: Attempt all the given tasks.</u>

Create an array of 15 elements of your choice and sort them in ascending order using bubble sort, insertion sort and selection sort algorithms. Write their C++ code as well.

Good Luck!
